

Community Voices Survey

Information for HIA Members

Purpose of the Community Voices Survey: The next step in the 2025 Greater Bridgeport Community Health Needs Assessment process is for us to review the top health and social needs that came from the data analysis and prioritize which are the 3-4 issues we will focus our work on for the next 3 years. To start this process, we need to first let Greater Bridgeport residents know the top 25 needs that come from all the data collected and allow them the opportunity to weigh in on which are most important to them. To do this, we have created a short electronic survey and need your help administering it throughout the region.

Who should take the survey? Anyone that currently lives in the Greater Bridgeport region (Bridgeport, Easton, Fairfield, Milford, Monroe, Stratford, or Trumbull).

- This includes all those who attended our CHNA focus groups on September 8, 10, and 11, 2024. If you helped coordinate a focus group in your town, please send this survey to those focus group participants if you have their email addresses.
- If you helped distribute the HIA CBANS survey this summer, please send this information out through the same channels you used then (town newsletters, social media, town distribution lists, etc.)

When does the survey close? To stay on our CHNA timeline, this survey will close on **Wednesday, January 15, 2025.**

How do I promote the survey? Page 2 of this document contains all the information you need to promote the survey in English and page 3 has all the information in Spanish.

English Description:

As a member of the Health Improvement Alliance (HIA), Aspetuck Health District is working with partners to distribute the Community Voices Survey to local residents.

Local hospitals, health departments, and community organizations work together in a partnership called HIA, to improve the health of those living in the communities of Bridgeport, Easton, Fairfield, Milford, Monroe, Stratford, and Trumbull.

Formed in 2003, HIA's largest project happens every three years and is called the Community Health Needs Assessment (CHNA). Work on the next CHNA has begun and information has been collected from many sources to learn more about the current health and social issues impacting the people living in the region.

Now we need YOUR input! Your response to this very quick survey will help HIA members select the top issues the community thinks we should focus on when planning future programs and services. This survey should take you less than 5 minutes and responses are anonymous.

This survey will be open until **Wednesday, January 15, 2025**. For more information about HIA, visit www.hia-ct.org.

Spanish Description:

Como miembro de la Health Improvement Alliance (HIA), Aspetuck Health District está trabajando con socios para distribuir la Encuesta Voces de la Comunidad a los residentes locales.

Los hospitales locales, los departamentos de salud y las organizaciones de la comunidad trabajan juntos en una asociación llamada HIA para mejorar la salud de aquellos que viven en las comunidades de Bridgeport, Easton, Fairfield, Milford, Monroe, Stratford y Trumbull.

Formada en 2003, el proyecto más grande de HIA se hace cada tres años y se llama Evaluación de las necesidades de salud de la comunidad (Community Health Needs Assessment, CHNA). El trabajo en la próxima CHNA ha comenzado y se ha recopilado información de muchas fuentes para obtener más información sobre los problemas sociales y de salud actuales que afectan a las personas que viven en la región.

¡Ahora necesitamos SU aporte! Su respuesta a esta encuesta muy rápida ayudará a los miembros de HIA a seleccionar los principales problemas en los que la comunidad cree que deberíamos centrarnos cuando planificamos programas y servicios futuros. Esta encuesta debería llevarle menos de 5 minutos y las respuestas son anónimas.

Esta encuesta estará abierta hasta **el miércoles 15 de enero de 2025**. Para obtener más información sobre HIA, visite www.hia-ct.org.
