Building Department, Westport ☐
Building Department, Easton ☐

The Connecticut Public Health Code requires the abandonment of subsurface sewage disposal system components (i.e., septic tank, hollow leaching structure) or cesspool shall be performed in such a manner as to eliminate the danger of inadvertent collapse of the component or cesspool. The responsibility for abandonment lies with the property owner. Structures that are to be abandoned shall be emptied of all sewage prior to abandonment. Structures shall be filled with sand, gravel, or crushed and backfilled with clean soil.
